Table of Contents

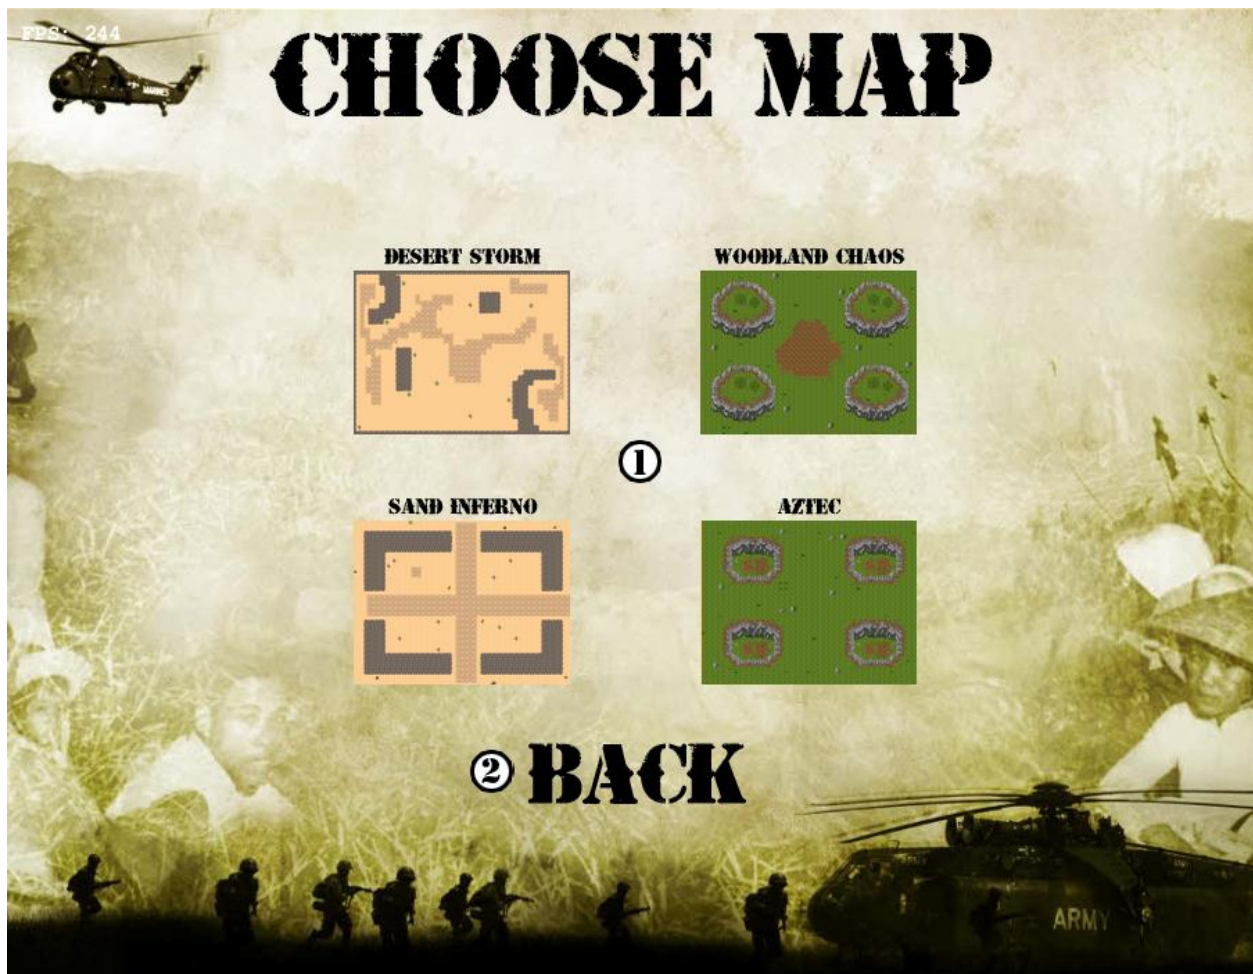

Main Menu 3
Map Menu 4
Gameplay mode..... 5

Main Menu

1. **Console log** – Messages and status from the game will appear here e.g.:
“The host has disconnected”, “Player X has won the game!”
2. **Host Game** – This option will let you choose the game map and starts a server for other players to join.
3. **Join Game** – This option will search for a server and connects to it, then the game will start. If no server is found the message “Could not detect any active network server!” will appear in the Console log.

Map Menu

1. Select a map by clicking the left mouse button, you can choose between four maps. "Desert Storm", "Woodland Chaos", "Sand Inferno" and "Aztec".
2. Back – Returns to Main Menu

Gameplay mode

1. Scoreboard – The scoreboard displays the fps rate and each player’s score.
2. Tank – The tank you are controlling. Use arrow keys to move, press space bar to shoot projectile.
3. Chat log – All the chat messages from all players will display here.
4. Chat input – Press “Enter” to send a message.
